

KNSD -NBC 7/39 is involved with supporting several nonprofit organizations in the San Diego region. The station has been a consistent supportive of our fundraising events since the year 2000. Their recent General Manager Phyllis Schwartz and I had a good relationship through her tenure at the station, and she would call me on occasions seeking my advice on matters that the station was considering. We consider KNSD-NBC 7/39 to be a good corporate partner and supporter of our organization.
